# We give our students roots and wings.

The first school you choose for your child is one of the most important milestones in your child's life; knowing this, GESS Pre-School provides a learning environment that is fun, safe, stimulating, and one which promotes passion, and enthusiasm for learning in children from ages 18 months to 6 years old.

There is a choice between English or German speaking groups at all levels.

The children are placed in groups according to their age:

- Parent-Child Groups (1.5 - 3 years)
- Toddler Groups (2 - 3 years)
- Kindergarten Groups (3 - 5 years)
- Pre-Primary Groups (5 - 6 years)

In our Kindergarten classes we provide heterogeneous grouping, for 3 to 5 years olds. This uniqueness promotes a child centred approach, where the structure for play is closely

linked to real life. This approach encourages spontaneity and reflects naturalistic settings such as family grouping where children help one another, display good role modelling, become a community, and where individuals grow.

In Kindergarten and Pre-Primary, we offer the IB PYP inquiry-driven approach to teaching and learning. Along with our learning curriculum promoting pre-reading and pre-writing skills, science, sports, music, drama, ICT, arts, cooking, English and German language lessons, play as a learning tool, and celebrating cultural diversity. Our Pre-Primary classes, for the 5 to 6 year olds are situated in our newly purpose built building, the 'Habitat,' at the Junior School campus, which has its own sports room, large outdoor playground and sand pit, kids kitchen for cooking, and an exciting large indoor open space with sponge flooring designed for safety.

We provide a unique German and English Language Programme designed specifically to meet the diverse language levels of our students. Additionally we are offering a fully integrated Danish Mother Tongue programme to our Danish students two afternoons a week.

With lots of space to run, explore and embrace the natural environment around us. We invite you to come and embark on a journey of exploration, discovery and fun at GESS Pre-School.
